

Mountain View

Dear Parent(s),

The Children's Center's mission and philosophy is to provide a developmentally appropriate preschool program that fosters the whole child; spiritually, cognitively, socially, emotionally, and physically. We will present children with a fun and exciting program that is based on building spiritual relationships, self-esteem, and a love for life-long learning.

We believe that children are a gift from God, helping them to learn is a divine privilege. We will give our best effort to develop our curriculum to nurture the development of each child to their fullest potential. It is our objective to be an extension of your family and to work with you to ensure the best possible experience for your child. As we develop our Children's Center, our plan is to provide a unique program that supports and equips children *and* their families! Be watching for more information regarding our Mother's Of Preschoolers (MOP's) Program and our annual Angel Breakfast!

The registration procedure for preschool is as follows:
